President's Message:

Greetings Members!

Is Summer finally here? Always amazing how the weather can mess with planting the garden!! Way too much rain and cooler temperatures have delayed planting for many of us. Fear not though, there is still plenty of time to plant!

Dues Reminder: Please check to see if you are current in your membership!! I know there was some confusion about the membership form being incorrect, but Trish and Jesse have updated the dues form and it is up on the website. Please check to see if you're current.

Spring Tuber Auction: A BIG thank you to Justin and Allie for putting together a very successful root sale!! As Sal stated before, there wouldn't have been a root sale this year if it wasn't for the hard work and time spent in securing root donations and finding a site to have the sale!! Hundreds of roots greeted eager buyers and in addition to the roots there was a silent auction, with choice roots and cuttings being offered. Again, thank you for a job well done!

Show Volunteers: We are in need of volunteers for help with this year's show which will be held on August 24, 2024 at Elizabeth Park. Please donate some of

your time in helping with our yearly show; it doesn't need to be a full day commitment, but some time would be greatly appreciated. Please let us know if you're willing to volunteer.

Get Well Wishes:

Our longtime member and mentor, Marge Schnerr has been having health issues and is currently receiving assisted care for her recovery. Our thoughts and well wishes go out to Marge and hope she is feeling better soon!

Thank you for reading through all this updated information. Please try to attend the June meeting. We will help with any Dahlia growing questions/concerns you may be having and please feel free to bring any extra roots you may have left over after

planting for members who may be in need of some.

We look forward to seeing you at the meeting!

Sincerely, Kevin
